Section	1	Introduction
	2	Errors in Observations
	3	Discontinued Items and Changes in Definitions of Items
	4	Index of Local Government Areas in Alphabetical Order by State

SECTION 1 - INTRODUCTION

1.1 There have been some changes in AMIS since the 1978-79 release. The principal change is associated with the development and introduction of improved and standardised statistics for local government finance. The new standardised local government finance statistics (SLGFS) are far more comprehensive than the AMIS finance statistics, and are available separately on magnetic tape and microfiche (ABS catalogue no. 1212.0). However, in order to continue to provide some form of time series for local government finance statistics, estimates of AMIS finance statistics have been derived for 1979-80 for all States except New South Wales, by aggregating appropriate SLGFS data. For various reasons it has not been possible to include in this release estimates of 1979-80 AMIS finance statistics for New South Wales. For the other States comparability of some data items between 1979-80 and earlier years has been affected by changes in classifications and definitions associated with the introduction of the standardised statistics. In addition, changes in accounting methods related to the restructuring of local government accounting systems in a number of States prevent effective comparison with statistics from earlier years. These comparability problems are discussed in Section 3.

1.2 A further point to note about the 1979-80 release is that some observations are too large for their available fields; the values for these observations are given in Section 2. This problem will be rectified for the next release by reformatting the AMIS file.

1.3 There have been some changes in Local Government Area (LGA) boundaries since the third edition of the AMIS manual was printed in 1980. Consequently a new list of LGA's in alphabetical order (Appendix A of the AMIS manual) has been prepared (Section 4). The list of ABS publications containing data at local government or other small area level (Appendix F in the AMIS manual) is being updated and expanded to form a catalogue of small area data, which is scheduled to be released later this year. The catalogue is expected to contain a brief description of small areas used by ABS, the title and periodicity of every publication containing small area data, and area and subject indexes.

1.4 The AMIS manual is the primary source of definitions of AMIS items, and contains the format of the AMIS file, a list of major LGA boundary changes, and other information. This paper should be used as a supplement to the AMIS manual since it contains changes to definitions that have occurred after the AMIS manual was printed, values for recent data that are too large for the available fields, and an updated LGA list. Users should note that the 1979-80 Retail Census data are now available and have been included in this release.

SECTION 2 - ERRORS IN OBSERVATIONS

2.1 The value for the Queensland State total for the item Revenue (Ordinary Services): Total Current Receipts (ie time series item 34 for LGA 3000) for the year 1976-77 has been changed; the correct value is \$344,825,000. Six State totals are too large for their available fields, and appear as zeros in this release. The values for these observations are given in the table below. This problem will be rectified in the next AMIS release.

Time Series Item				Value of
Name of Item	Number	Year	State	State Total \$'000
Loan Fund Expenditure (Ordinary Services):				
Other	60	1978-79	WA	10,168
"	60	1979-80	VIC	31,756
"	60	1979-80	QLD	27,962
"	60	1979-80	WA	21,758
Revenue Expenditure (Ordinary Services):				
Other	48	1979-80	VIC	107,776
Water Supply				
Revenue (Current Income)	62	1979-80	QLD	105,891

SECTION 3 - DISCONTINUED ITEMS AND CHANGES IN DEFINITIONS OF ITEMS

3.1 A number of changes to AMIS items have occurred, due mainly to the use of the SIGFS data to derive the finance items for AMIS. Each of these changes is described in the following table, which indicates the item that changed, the State(s) affected by the change, and the number of the paragraph in this publication which describes the change. As mentioned in Section 1, no finance statistics are available for New South Wales for 1979-80. If possible these statistics will be included in the next release.

Cross Section Item

<u>Name</u>	<u>Number</u>	<u>All States</u>	<u>Vic</u>	<u>Qld</u>	<u>SA</u>	<u>WA</u>	<u>TAS</u>
AREA AND VALUATION DATA

Sinking Fund Contribu- tions	88			3.4.2			

3.2 ALL STATES

3.2.1 Improved capital value (cross-section item 38) has been discontinued.

3.2.2 Retail Establishments: Value of Retail Sales (cross-section item 52) has been changed to Retail Establishments: Turnover.

3.2.3 Annual General Rate in the Dollar and Rateable Value Indicator (time series items 19 and 20) have been discontinued.

3.2.4 Revenue: Charges for Other Council Properties (time series item 26) has been discontinued and is now included in Revenue: Charges for Other Services (time series item 27).

3.2.5 The items Loan Fund Receipts: Government Grants - Roads and Other (time series items 50 and 51) have been discontinued and are now included in Revenue: Government Grants - Roads and Other (time series items 30 and 31) respectively.

3.2.6 Revenue Expenditure: Council Properties - Other (time series item 46) has been discontinued and is now included in Other Revenue Expenditure (time series item 48).

3.2.7 Loan Fund Expenditure: Council Properties - NEI (time series item 58) has been discontinued and is now included in Loan Fund Expenditure: Other (time series item 59).

3.3 Victoria

3.3.1 Some garbage changes were previously included under Revenue : Rates and Penalties (time series item 21) but are now included under Revenue : Charges for Sanitary and Garbage (time series item 23).

3.3.2 Repayments of the principal for private streets and foot-paths, kerbs and channels, were previously included under Revenue (Ordinary Services) : Street Construction Contributions (time series item 29), but are now included under Revenue : Reimbursements for Work Done (time series item 28).

3.3.3 In previous years some data that should have been classified under Other Revenue (Time series item 33) has been included under other revenue items. For instance, reimbursements and/or contributions and donations for halls may have been included under Revenue : Charges for Halls etc (time series item 25) rather than Other Revenue.

3.4.1 Data for plant hire, quarry sales and sale of properties is now included in Other Revenue (time series item 33) rather than Revenue : Charges for Other Services (time series item 27).

3.4.2 Debt Redemption : Sinking Fund Contributions (time series item 88) is now included in Debt Redemption : Redemptions, Repayments, etc (time series item 87).

3.4.3 Prior to this release, Loan Fund Expenditure : Halls (time series item 57) was not identifiable.

3.5 South Australia

3.5.1 Compulsory contributions to recognised hospitals were included in Revenue Expenditure : Public Works and Services - Health and Welfare (time series item 39), but are now included in Revenue Expenditure : Grants, Subsidies and Levies NEI (time series item 42).

3.5.2 Contributions to the Fire Brigades Board were included in Revenue Expenditure : Other (time series item 48) but are now included in Revenue Expenditure : Grants, Subsidies and Levies NEI (time series item 42).

3.5.3 Electricity and Gas : Total Current Income (time series item 76) now includes current government grants.

3.5.4 As the accounting instructions are more definite than previously, data have been included under Revenue Expenditure : Public Works and Services - Sanitary and Garbage Services (time series item 40) that in earlier releases would have been included under other headings. For example, garbage collections in reserves were sometimes allocated to Council Properties - Parks and Recreation Grounds in earlier years, rather than to Public Works and Services - Sanitary and Garbage Services.

3.5.5 Data for Indebtedness : Debt Outstanding - Government (time series item 82) was previously collected from the balance sheet, but now is derived from the schedule of loan liability.

3.6.1 Revenue : Reimbursements for Work Done (time series item 28) previously included only government construction and maintenance. Now it also includes private construction and maintenance, and other reimbursements for work done by the local government authority or council.

3.6.2 Revenue : Other (time series item 33) no longer includes other reimbursements for work done by the local government authority. It now includes the revenue from sale of road plant, sale of land and sale of other assets.

3.6.3 Expenditure on sewerage is now included in Revenue Expenditure : Public Works and Services - Sanitary and Garbage Services (time series item 40) rather than Revenue Expenditure : Other (time series item 48).

3.7

TASMANIA

3.7.1 Due to the introduction of the new SIGFS standardised statistics there is now data available for the series Revenue: Street Construction Contributions (time series item 29).

SECTION 4: INDEX OF LOCAL GOVERNMENT AREAS IN ALPHABETICAL
ORDER BY STATE

This Section contains an alphabetical list, by State, of all local government authority records on the AMIS data file for 1979-80. For those authorities in existence at 30 June 1976, the codes are derived from the 1976 Population Census LGA codes. LGAs that ceased to exist before 30 June 1976 have an "8" as the second digit of their codes. LGAs that came into existence after 30 June 1976 have a "7" as the second digit of their codes. LGAs in existence at 30 June 1976 but not in existence at 30 June 1980 are marked thus *.

The first digit of each code indicates the State to which that LGA belongs, viz;

New South Wales	1
Victoria	2
Queensland	3
South Australia	4
Western Australia	5
Tasmania	6

The letter following the name of the LGA indicates its status. In New South Wales an LGA may be a city (C), a municipality (M) or a shire (S); in Victoria a city (C), a borough (B), a town (T) or a shire (S); in Queensland a city (C), a town (T) or a shire (S); in South Australia, a city (C), a municipality (M) or a district council (DC); in Western Australia, a city (C), a town (T) or a shire (S); in Tasmania, a city (C) or a municipality (M). Wodonga is recognised as a rural city (RC) in Victoria.
